

## Subsidized Housing

The following list includes subsidized housing for the elderly and young, disabled individuals. The housing units are funded by state or federal money and are available for persons who meet income and asset qualifications. Applications should be made in advance of need, as there is usually a waiting list. Applications can be obtained by calling the Housing Authority office in the city of your choice and can also be downloaded online at <https://www.mass.gov/service-details/public-housing-applications-documentation>. Separate applications are required for each privately owned, subsidized building and can be obtained by calling them directly. Privately owned housing may also include some non-subsidized units. If information is needed for housing outside of this area, please call 1-800-AGE-INFO (1-800-243-4636) for the local Age Info Center.
